

Parents and Carers Information Leaflet – Autumn 2 Year 4

Class Teacher – Mr Roney

Teaching Assistants – Miss Dore, Miss Lorenzo

Dear Parents and Carers

WELCOME BACK!

Welcome back to part two of the Autumn Term.

Important Dates: w/b 28th October

Equalities Week

w/b 11th November

Anti Bullying Week

Monday 11th November

Parents' Evening at 3.45pm – 5.45pm

Tuesday 12th November

Parents' Evening at 3.45pm – 5.45pm

13th November 2019

School Photos

Friday 15th November

Children in Need day

Thursday 5th December

Nativity Performance at 9.30pm and 2.00pm

Tuesday 17th December

Carol Service Grosvenor Chapel tbc

Thursday 19th December

End of term 2.00pm

General Information

PE:

This half-term, Year 4 will have P.E. on Wednesday. On days that children have P.E. lessons scheduled, they are asked to come into school wearing their P.E. kit. They will remain in their kit for the whole day.

Homework:

Homework is set on a Friday and should be returned to school the following Wednesday. Children will be set Reading, Spelling, English and Mathematics homework each week. It is important that your child completes their homework in order to support their learning in class and to ensure that they make good progress throughout the year. Thank you for your support in this. If you would like advice on supporting your child with homework, please see your class teacher.

Please read with your child daily. Children should aim to read at home for **at least 10 minutes per day**.

Belongings:

Please label all belongings with a permanent marker, and ensure that your child has their book bag with them every day (book bags are available to buy from the school office).

Curriculum Overviews

English: This half-term we will begin by continuing to explore the text 'Iron Man' by Ted Hughes. Writing outcomes will include writing a retell from a character's point of view and writing our own list poem. We will also be exploring explanation texts which will be linked to Science including animals and humans. The children will learn to use adjectives and expanded noun phrases, similes, coordinating conjunctions and also write in the first person.

Spelling: This half-term, we will be moving onto Year 4 common exception words. Common exception words are words that do not follow the common phonetic spelling rules of the language, or where the usual rules act in an unusual way. Each week, a list of 8-10 spellings will be sent home, comprising of words relating to the spelling rule of the week, and also some common exception words. Please practise these with your child.

Reading: This half term we will be continuing with our Destination Reader lessons. We will be reading a wide range of texts. The children will be participating in a range of activities to help develop their word reading and comprehension skills, as well as promoting a love of reading for pleasure.

Handwriting: Children will practise forming capital and lower case letters correctly, and then will move on to learning the horizontal and diagonal strokes needed to join some letters.

Religious Education: In R.E. our learning question is, 'What are The Beatitudes and What Do They Mean For Christians?'

We will be exploring:

- Where The Beatitudes came from, what they are and what they mean for Christians.
- What we think about the moral decisions that we and (other) Christians make based on The Beatitudes.
- How we will respond to The Beatitudes using a variety of media.

Mathematics: In the following areas, we will learn about:

Measurement - Length and Perimeter:

- Converting between different units of measure
- Measuring and calculating the perimeter of a rectilinear figure (including squares) in centimetres and metres

Multiplication and Division:

- Recalling and using multiplication and division facts for multiplication tables up to 12 x 12.
- Counting in multiples of 6, 7, 9, 25 and 1000.
- Using place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers.
- Solving problems involving multiplying and adding, including using the distributive law to multiply two-digit numbers by one-digit, integer scaling problems and harder correspondence problems.

Science: Our Science theme this half-term is 'States of Matter'. We will learn to:

- Compare and group materials together, according to whether they are solids, liquids or gases
- Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (C)
- Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.

Computing: In Computing we will be learning about;

- Online safety
- Broadcasts
- Planning
- Complexity
- Selection
- Debugging

History: History will be taught in the Spring term.

Geography: In Geography we will be exploring the varied physical and human geography of Europe. In this topic we will be locating the world's countries, using maps.

We will also be learning what mountains, rivers and coasts actually are, and discover some of the forces that help create and shape these geographically important features, and the effects they have on the world around them.

Art: Our art skills focus for this half-term will be painting (landscapes).

We will cover:

- The features and genre of landscape painting.
- Learning to express our own idea and opinions by describing and commenting on the work of different landscape artists.
- Gaining the confidence to experiment with different approaches by using and applying paint freely to express our ideas for a landscape.
- Developing our capacity for self-assessment by talking about our own work and that of our peers, and adapting our work in the light of these discussions.

Music: In music we will learn to:

- Play and perform in solo and ensemble contexts, using our voices and playing musical instruments with increasing accuracy, fluency, control and expression
- Listen with attention to detail and recall sounds with increasing aural memory
- Develop an understanding of the history of music.

Physical Education: This half-term our area of focus for PE is Swimming. We will learn to:

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively e.g. example, front crawl and backstroke
- Perform safe self-rescue in different water-based situations.

PSHE: Our PSHE topic this term will be taught in the Spring term.

Attendance and Punctuality

It is important that children arrive at school by 8.55, as registers are taken and checked first thing and any absences chased up by the office staff. Remember to call and let us know if your child is going to be absent for any reason so we can record this in the register.

I would also like to take this opportunity to reiterate the importance of attendance and punctuality. Good attendance at school is the single most important factor in ensuring that children and young people maximise their learning potential and have the best opportunities in adult life.

Being frequently late for school adds up to lost learning:

Arriving **5 minutes** late every day adds up to over **3 days** lost each year.

Arriving **15 minutes** late every day is the same as being absent for **2 weeks** a year.

Arriving **30 minutes** late every day is the same as being absent for **19 days** a year.
